Subject: No Mandatory Vaccine No Vaccine Passport No AB 455  
To: <cityclerk@lacity.org>

Dear Holly Wolcott,

I received this email from a friend today and am concerned that this very important legislation concerning Mandatory Vaccination could be passed without full knowledge of the implications and ramifications on American People. This crucial legislation will be put in "Finance Maintenance of the Oakland bridge AB 455". I wanted to bring this to your attention:-

I contacted Assemblyman Kevin Kiley's Office. Here is the data to hand. The vaccine mandate legislation will be surreptitiously put into AB 455, by Assemblywoman Buffy Wicks. The legislation has not been drawn up yet, but will be inserted into AB 455. AB 455 currently deals with financing maintenance of the Oakland Bay Bridge. My assemblyman Chris Holden's office was not aware of this legislation and needs phone calls. My state senator Anthony Portantino has received about 100 phone calls all in opposition.

Phone calls, letters, emails, in person visits to the offices of your state assemblyman are vital!!

Yours Sincerely,

Stella Rowe
