Comments for Public Posting: According to the CDC and scientific information, the COVID-19 injections do not stop transmission. It is a crime that after knowing the truth that records high amounts of deaths, and permanent adverse reactions (injuries) due to the COVID-19 injections, the City still wants to pursue the mandate. Employees were discriminated and terminated or suspended without pay because the mandate violates their religious beliefs or they cannot get vaccinated due to their medical condition. Stop the discriminatory policies and practices. I urge you to rescind the COVID-19 mandate.
