Comments for Public Posting: Rescind the vaccine mandate already. This Council is doing irreparable harm to it's employees and citizens by continuing on this path. Stop the madness already.

Comments for Public Posting: It is time to end all Covid mandates! The CDC says testing of asymptomatic individuals is unnecessary. The CA Dept of Public Health dropped vaccine, testing, & mask mandates for employees in high risk congregate settings. The President said the pandemic is over & no one is wearing masks anymore. A judge just ruled that vaccine mandates against NYPD employees was invalid & everyone is supposed to return to work & be made whole. And now I heard that LA County is dropping all testing requirements for unvaccinated employees. Let it go & let all City employees get back to doing their jobs without threatening their livelihoods. And stop the ridiculous masking inside city buildings for everyone, it does nothing! Kids should not be wearing masks while playing sports, let them breathe!

Comments for Public Posting: The Pandemic is OVER. The president of the United States said so. The CDC stated COVID is manageable now. There is NO longer and emergency. Climb down from your high horse because you will NOT be re-elected. You have caused more harm than good. Exit now gracefully before the judicial system lights the match in your face.
