

ENERGY AND ENVIRONMENT and BUDGET AND FINANCE COMMITTEES' REPORT relative to applications for the United States Environmental Protection Agency (USEPA), Office of Water, Office of Ground Water and Drinking Water, Midsize and Large Drinking Water Infrastructure Resilience and Sustainability Program – Fiscal Year (FY) 2025.

Recommendations for Council action:

1. AUTHORIZE the General Manager, Department of Water and Power (DWP), or designee, to prepare and submit two grant applications for the USEPA, Office of Water, Office of Ground Water and Drinking Water, Midsize and Large Drinking Water Infrastructure Resilience and Sustainability Program - FY 2025.
2. INSTRUCT the General Manager, DWP, or designee, to report if the City is awarded the grants, to request authority to accept the grant awards, and to request approval for any related actions to implement the grant awards.

Fiscal Impact Statement: The City Administrative Officer (CAO) reports that approval of the above recommendations will not result in a General Fund impact. There is a 10 percent matching funds requirement for the Midsize and Large Drinking Water System Infrastructure Resilience and Sustainability Program – FY 2025 grant. However, upon notification of a grant award, a reassessment on the General Fund impact should be completed as it relates to either lower than requested grant award amounts, verification of local match requirements, or front-funding for grants on a reimbursement basis.

Financial Policies Statement: The CAO reports that the above recommendations comply with the City's Financial Policies.

Community Impact Statement: None submitted
