DISCUSSION

This is the 26th year of funding for the Alcohol Policing Partnership grant. The grant award will provide continued funding for the Citywide implementation of Operation ABC for Fiscal Year 2021-2022. Operation ABC is a comprehensive enforcement and prevention effort to identify disorderly outlets, reduce ABC violations and alcohol-related crimes, and to address the ABC-related quality of life issues. This project will include a wide range of strategies, including training, education, and planning.

With over 6,332 ABC licensed locations, the City accounts for 32 percent of all licenses in Los Angeles County, more than all other counties statewide. In addition, the immense population of Los Angeles and a shortage of police officers make it difficult to oversee and maintain compliance with all ABC locations. Operation ABC will continue its focus from one centralized office that collects and exchanges information for government and community purposes, provides training to all stakeholders, and conducts enforcement operations to reduce the recurrence of alcohol-related problems Citywide.

During the past seven ABC grant periods, investigations at 134 ABC locations have resulted in 498 arrests for crimes related to illegal solicitation of alcoholic beverages. These investigations are extremely complex and require officers who are well trained and versed in the nuances of the activity to obtain criminal and administrative findings. The LAPD will continue current efforts by replicating effective practices and expanding upon proven methods such as Standardized Training for Alcohol Retailers, Shoulder Tap, Minor Decoy, and Drunk Decoy.

The grant award budget includes \$66,074.00 for 45% of a Sergeant II salary, \$28,926.00 for sworn overtime, and \$2,500 for equipment.

Dear Chief Michel R. Moore:

Congratulations! Your agency has been selected by the Department of Alcoholic Beverage Control (ABC) to receive funding for your 2021/2022 Alcohol Policing Partnership (APP) grant proposal.

Due to the ongoing Coronavirus (COVID-19) Pandemic, ABC has cancelled the annual *in-person* APP Training Conference originally scheduled for July 2021. However, this year we will be providing a *virtual* APP Conference that will last two-days from July 13th to 14th, 2021. Your ABC agent assigned to your agency will be in contact with you for additional information regarding the conference.

A grant contract will be forthcoming in the next couple of weeks which requires a resolution, order, motion, ordinance or other similar document from your local governing body authorizing execution of the agreement. Due to the fact that these resolutions typically have to be put on your governing body's calendar, we ask that you do this as soon as possible.

Please note that the total budget amount requested in the Request for Proposal was reduced by \$2,500 to reflect the unused Travel/Registration Fees due to the cancellation of the conference. In addition, due to the impact this pandemic has had on our budget, please note that the grant contract is contingent upon continued funding being available throughout the term of the contract.

Once again, ABC appreciates your understanding during the COVID-19 Pandemic and we look forward to working with your agency.

If you have any questions, please call Kristine Okino, Grant Coordinator at (916) 419-2572 or email at Kristine.okino@abc.ca.gov.

Sincerely,

Eric Hirata

Scope of Work

1. Summary

The City of Los Angeles (City or LA) has a population of approximately 4 million residents. Since 1980, population growth has increased by over 35%. Los Angeles has a diverse population consisting of 49% Hispanic, 29% Caucasian, 11% Asian/Pacific Islanders, 9% African American, and 2% Native American/Other. While 17% of the total population falls below the federally determined poverty line, some neighborhoods identified in this proposal, approach a 37% poverty rate. Unemployment, homelessness, and related problems such as alcohol and substance abuse, are among the City's challenges. Urban blight continues to remain visible in some neighborhoods and is often associated with disorderly ABC-licensed locations.

The Los Angeles Police Department (LAPD) is a full-service organization providing emergency response crime suppression, investigative functions and traffic control for the City. As of February 14, 2021, the LAPD has 9,799 sworn officers and 2,989 civilian employees. The Department's sworn strength to population ratio (2.45 officers per 1,000 population) is among the lowest in the nation. A five-member Police Commission provides oversight over the LAPD's policies and procedures. The administrative structure consists of the Chief of Police and offices immediately accountable to the Chief. The City is divided into four geographical Bureau; each Bureau is subdivided into four to seven Areas, for a total of 21 Areas. Each Area has a small vice enforcement component that is also responsible for ABC enforcement.

Los Angeles has 6,332 ABC licensed locations - 3,057 off-sale and 3,275 on-sale - with an estimated 45,000 individuals employed in the retail distribution of alcoholic beverages. The City accounts for 7% of the total number of ABC-licensed establishments statewide and 32% of ABC-licensed establishments in the Los Angeles County. With the 2021-2022 APP Program, LAPD is proposing to continue Operation ABC, focusing on citywide ABC enforcement operations, the collection of ABC-related information and information sharing with partner agencies, and providing specialized training to community stakeholders. These efforts will reduce the recurrence of alcohol-related problems citywide. Due to the high volume of ABC establishments, the LAPD is requesting the maximum funding amount of \$100,000. This will fund 45% of a full-time Sergeant II position, approximately 273 hours overtime hours for investigators to conduct training and enforcement operations, supplies and travel/training.

Scope of Work

2. Problem Statement

Several LA neighborhoods have a high population density and a large concentration of ABC-licensed premises, creating a significant ABC-policing problem for the LAPD. The City has more than 500 nightclubs; 150 of which can serve over 700 patrons at a time, potentially bringing as many as 100,000 patrons to the 3,275 on-sale ABC establishments. Bars serving intoxicated patrons potentially increase the number of intoxicated drivers on busy freeways and surface streets. Furthermore, special events at Dodger Stadium, Los Angeles Coliseum, Banc of California Stadium, Staples Center and a LA Live Entertainment Center - where 32 ABC-licensed are located, contribute to the significant increase of alcohol consumption in the City. Because of community concerns, 5 ABC establishments are currently the subject of formal abatement investigations. As more ABC establishments resume full operation following the closures due to the Covid-19 pandemic, it is anticipated that the percentage of formal ABC complaint investigations will increase. Less traffic due to pandemic has increased car accidents due to speeding on the freeways. Add drunk drivers to that situation and it makes matters worse.

The problems associated with illegal solicitation of alcoholic beverages inside on-sale licensed premises (303a PC and 25657a/b B&P) continue to be a big concern for LAPD. This activity encourages intemperance, contributes to Part I and II crimes, and drains the LAPD of its limited policing resources. In the last two years, Olympic and Rampart Areas have experienced a myriad of issues in dealing with Koreatown on-sale ABC licensed Karaoke bars, notorious for promoting the illegal solicitation of alcoholic beverages. During the Covid-19 pandemic, the City experienced a notable increase in unlicensed establishments that also promote illegal alcohol consumption, illegal gambling, service to underage individuals, and prostitution.

The LAPD has worked to combat illegal alcoholic beverage solicitations in the City. During the 2020/2021 ABC grant year, Operation ABC saw a large increase in underground unlicensed clubs, Hookah, and gambling locations, serving alcohol. During this period, 23 licensed and unlicensed locations were the subject of alcohol beverage solicitation investigations resulting in 43 arrests. During the past seven ABC grants, investigations at 134 ABC locations have resulted in 498 arrests for crimes related to illegal solicitation of alcoholic beverages.

The Standardized Training for Alcohol Retailers (STAR) education program continues to be in high demand by retailers seeking ABC training from subject

Scope of Work

matter experts. In the calendar year 2020, Operation ABC conducted 75 presentations with a total attendance of 1720 individuals. During the Covid-19 Pandemic, Operation ABC has shifted the STAR training to an online platform. Limited resources, including available personnel, always pose a big challenge in the successful code enforcement and control of problematic ABC establishments. The Alcoholic Policing Partnership Program will allow LAPD to bolster its Vice Units, undertake more proactive and preventive measures and successfully implement its Operation ABC citywide.

3. Project Description

The LAPD's Operation ABC will be administered by two Sergeant IIs (one partially grant-funded) who will be spending 100% of their time on alcohol-related issues. The program includes a wide range of strategies, including training, education, planning, community outreach, and enforcement. Training will focus on ABC-licensed establishments and their employees, police department employees, as well as public service organizations involved in alcohol-related issues. The STAR education program continues to be in high demand by retailers seeking ABC training. Education will include an on-line training vehicle allowing law enforcement personnel statewide to obtain investigative expertise by reviewing enforcement-specific articles via the internet. This will allow the ABC retail community direct access to Operation ABC personnel. Planning will focus on issuance of ABC licenses, conditional use permits, and the impact of alcohol establishments in Los Angeles. Operation ABC has been engaged in community outreach by attending college and high school events. These activities can impact students who are most likely to experiment with dangerous drinking patterns. Lastly, enforcement will focus on ABC enforcement operations, minor and shoulder tap decoy operations, intoxicated service and disorderly house/abatement investigations. These will aid in preventing minors from having access to alcoholic beverages.

Project Goals:

1. Identify disruptive retail ABC outlets throughout the City for Disorderly House investigations
2. Increase ABC licensee education STAR training program via ZOOM
3. Continue to develop innovative methods to effectively manage ABC-related problems/violations
4. Continue to enhance partnerships with corporate business operators
5. Continue to enhance the online training vehicle
6. Publicize the program and enlist community support

4. Project Personnel

Operation ABC is staffed by a Project Director, Sergeant II Craig Nollner and the Project Coordinator, Sergeant II Liferlando Garcia, who are both assigned to Gang and Narcotics Division. Sergeant Nollner has 28 years in law enforcement experience; 8 years in vice assignments; and 5 years coordinating alcohol enforcement programs within Operation ABC. Sergeant Garcia has 31 years of experience with the Department; 13 coordinating alcohol enforcement and educational programs within Operation ABC. Sgts. Garcia and Nollner have received specialized training in ABC law and enforcement strategies, have extensive teaching experience and are ABC instructors at the Department's Vice School. The Project Director and the Project Coordinator are responsible for day-to-day implementation of this project. Due to their training and enforcement experience, Operation ABC supervisors have developed a certain level of expertise that is needed to investigate disruptive licensed establishments due to the complexity of ABC law.
