**Comments for Public Posting:** To Whom It May Concern: As a resident of Los Angeles, I have seen first-hand the drastic toll that COVID-19 has taken on local businesses and how it has sharply increased our unhoused population. The City of Los Angeles must advance initiatives that will help Angelenos get back on their feet and protect their livelihoods. This is why I support the redevelopment at 1911 Sunset Boulevard - a timely project that will help save Taix, an iconic local restaurant, spur much-needed housing stock, and activate a beloved community corridor. Taix has been a staple of the Echo Park community for decades, and without the thoughtful modernization efforts, Taix would not be able to revitalize operations and stay afloat. Taix deserves the City's support to ensure it can continue to operate for decades to come. Not only will this project save Taix, but it will also create new residential units, including affordable units reserved for very low-income households. We cannot afford to delay any housing project when we are in the midst of a critical housing crisis. This project will also add commercial space that will create a reinvigorated, pedestrian-centric Echo Park neighborhood hub, which will ultimately boost the local economy. Please support the redevelopment project at 1911 Sunset Boulevard to ensure we save a legacy business and continue to house our neighbors in need! Thank you, Wendy Montes
