**Comments for Public Posting:** In Los Angeles, speeding cars are out of control and a public safety threat to us all, including those that drive them. I am very happy that the city is moving towards implementation of AB-43, and looking to reduce speed limits wherever possible. Beyond reversing speed increases on streets that recently saw said increase, I hope other streets that are on our High-Injury Network are prioritized. Please support this council file and move as quickly as possible in lowering speed limits!

**Comments for Public Posting:** In Los Angeles, speeding cars are out of control and a public safety threat to us all, including those that drive them. I live near Olympic Blvd and see speeding cars running red lights on a daily basis. I am very happy that the city is moving towards implementation of AB-43, and looking to reduce speed limits wherever possible. Please support this council file and move as quickly as possible in lowering speed limits!
