Comments for Public Posting: Whereas the Housing Element and Community Plan Updates have sufficient zoning opportunities in commercial corridors, on public lands and through Adaptive Reuse to meet State housing needs mandates, there is no need to divide and destroy existing residential neighborhoods by rezoning through overlays or other zoning devices of R1 zones or sensitive, rent stabilized multi-family housing. My family and I oppose the Housing Element's proposed rezoning and densification of R1 and multi-family neighborhoods beyond what SB9 and ADU law allows.
