Comments for Public Posting: I am in strong support of the Motion (CF-21-1286). I thank the Council for their bold leadership and direction on this motion. It is absolutely crucial that our wildlife be protected. We don't own the land any more than they do. I support the following with regards to the motion: ?? a report back on how development is being managed in environmentally sensitive areas like the Mulholland Corridor. ?? ordinances and implementation efforts that protect our natural resources like the future Wildlife Ordinance and want to know the status. ?? analysis and any additional measures that conserve and manage the City's natural biological diversity. Thank you! Nina
