Comments for Public Posting: I support the motion to explore and use alternative sidewalk corrective measures, including diamond and precision concrete cutting, to more quickly address needed sidewalk repairs. There are nearly no walkable and safe sidewalks in all over Sun Valley, especially surrounding Sun Valley Park Area. People walk literally in the street on Fair Ave. Sidewalks are all broken and dangerously unsafe for pedestrians on Strathern between Fair, Tujunga, and Vineland streets, and everywhere around Sun Valley Park. We need sidewalks ASAP.
