Comments for Public Posting: I am a resident living adjacent to the Myra bridge. I fully support this item. Passing under the bridge to get to businesses on the other side is a harrowing experience. I have often been required to walk in the street because of the sprawl. The public sidewalk is currently not a safe space to use.

Comments for Public Posting: I strongly support this proposal. The conditions we're trying to address are unsafe and inhumane for all. It's time for big changes.

Comments for Public Posting: In the context of the revised resolution 41.18, I urge you to vote to approve the sites being proposed which include the Bronson Overpass. For at least two years, this area has been the scene of numerous fires, constant trash (including dirty needles and bodily waste) in the streets and sidewalks and observed drug use, dealing and drug related violence. This encampment constitutes a danger for the community and the unhoused people who reside there. Please vote to approve.
