Comments for Public Posting: Dear Mr Mitch O'Farrell I am glad to hear that we have been given the opportunity to send our concerns regarding this homelessness near the school Camino Nuevo 3500 W Temple St, Los Angeles, CA 90004. Since kids started to go to school again theres been more homeless each week near the school. Across the street theres a 711 store where homeless people stay laying sleeping smoking some type of drugs. I have notice used needles on the ground. Sharp dont go on the floor. Sometimes young ladies from the school get harrassed for money while waitting for the bus. I have notice vomitte, feces, trash on the 711 parking lot where the students in the morning go buy something to eat aswell afterschool. I am one of the few parents that drop of my Child at school at 7am and sometimes theres homeless sleeping right infront of the school entrance and staff always need to remove them. I have tried searching for ways to report this issue but its been very difficult since homelessness in Los Angeles is an issue. I as a parent would appreciate is there is anyway these homeless people can be removed from the school and its surrounding for the kids safety. I am sure many parents will be greatful if this was a possibility. Thank you for taking the time to read this.

Comments for Public Posting: Thank you and please clean up the area around our school. We have children, parents and elders that must walk by these encampments every day. The people in these tents are often drunk, on drugs, fighting or simply passed out in the street. On two separate occasions they have attacked cars with my kids watching in horror. Most neighbors walk blocks around the area just to keep their kids safe when dropping them off to school. I know a mom who does this extra walk while carrying a baby! There is drug dealing, prostitution and general belligerence out in the open, next to our elementary school! This is unacceptable and must stop. Thank you for clearing the encampments around Clifford Street Elementary.
