Council File No: 21-4118-S1

Comments for Public Posting: I am the owner of 1920 Allesandro Street - which is directly across the street of a very dangerous and ugly piece of Los Angeles. We've had our mailbox pried right off our wall when it was mounted with 4 3 inch-long lag bolts. One morning my car was found with the back left wheel/tire stolen and the car's laying on the ground. We've had our cars broken into and items stolen. Once this happened to a visiting guest while he was parked in our driveway. We've had people steal items from our yard as well as defecate in our yard. I have to clean up their trash, food remains, broken glass bottles, hypodermic needles, etc. on a DAILY BASIS or else our neighborhood looks even more like a ghetto. The inhabitants at the Glendale/Allesandro area are increasing. Many times they've been hostile and menacing while I'm doing the street/sidewalk cleaning. It's as if I'M invading THEIR domain, and having someone clean up their garbage is an unacceptable intrusion that cannot be tolerated.. The Coroner was parked right across the street from our house 4 days ago. Another body theorized to be dead from the drugs that are openly sold and used right across the street from our house at 1920 Allesandro Street. I interviewed the 2 attending Police Officers and they were 100% aware of the drug activity that's been condoned for years now. This is at least the 5th death that I know of that's occurred within 100 feet from our house. They told me that we must rise up and insist our elected representatives do their jobs and immediately take charge of cleaning up the lawlessness and blight we're living in. Dr. Stan Gale
