Summary: 22-0002-S102 Reproductive and Abortion Rights / Preservation and Access / Federal Resources and Property / United States Supreme Court Decision / Overturning Roe v. Wade  
Recommend Palms NC Support or Oppose CF: Support Resolution 6/28/22: City of Los Angeles resolution to include in its legislative program support for using federal resources and property to preserve and increase access to reproductive and abortion rights. CF Summary: If adopted, the City of LA will include in its legislative agenda support for using federal resources to increase access to reproductive and abortion rights. ● The Supreme Court recently upheld abortion restrictions in Mississippi thereby eliminating the constitutional right to an abortion that was first established in the 1973 Roe V. Wade decision ● Several Democratic senators and congress members have urged President Biden to issue an executive order directing the federal government to develop a national plan to defend American's reproductive rights, including their right to an abortion ● Federal agencies can explore the option to provide resources such as travel vouchers, childcare services, and other supports for individuals where access to abortion care is not available in their state. ● In May 2022, City Council adopted another resolution (CF 22-0002-S73), which codified the ability to access safe and legal abortions as an important human right.
