**Council File No:** 22-0158

**Comments for Public Posting:** The people in the streets should not be called homeless. They are drug addicts or mentally ill. If they are so concerned about these people, they should take over vacant buildings owned by the Government and turn them into hospitals, and programs to help these people. Why does the city want to destroy law abiding tax payers. This will destroy neighborhoods. City Council members should invite them into their homes.
