Comments for Public Posting: Homeless/precariously housed should be a protected category. Homeless people are often shamed & discriminated against when we try to work. If our jobs paid better or were more consistent, we wouldn't be homeless. Hate crimes frequently occur to homeless people, like the Eagle Rock attempted murder-arson committed by Daniel Noguiera, the son of the longtime President of the Eagle Rock Chamber of Commerce. Employers often use the threat of homelessness to bully subordinates. If we want to end homelessness in LA, we must protect homeless people who are working toward getting housing.

PLEASE REPORT ALL HATE CRIMES, INCLUDING HATE CRIMES AGAINST HOMELESS PEOPLE TO 211. They are not police.
