Sec. 6. A new Section 13.11.1 is added to Article 3 of Chapter 1 of the Los Angeles Municipal Code to read as follows:

SECTION. 13.11.1. "TCN" TRANSPORTATION COMMUNICATION NETWORK DISTRICT.

A. **Purpose.** This section sets forth procedures and standards for the establishment of a Transportation Communication Network "TCN" District, the unique characteristics of which can be enhanced by the imposition of special sign regulations designed to facilitate the implementation of the Los Angeles County Metropolitan Transportation Authority's (LACMTA) Transportation Communication Network (TCN) program citywide, which will provide intelligent transportation technology, public and commercial messaging, service alerts, revenue generation, and blight reduction through a city-wide sign reduction program.

B. **Establishment of Districts.**

1. The City Council, the City Planning Commission, and the Director of Planning shall have the authority to initiate, establish, or adjust the boundaries of a Transportation Communication Network (TCN) District. Applications for the establishment or expansion of a TCN District shall not be permitted.

2. The procedures set forth in Section 12.32 S of this Code shall be followed for the initiation of the TCN District, provided that a TCN District shall only include parcels that are zoned C (Commercial), M (Industrial), PF (Public Facilities), CW (Central City Specific Plan), CM (Commercial Manufacturing), ADP (Alameda District Specific Plan) or LAX (Los Angeles International Airport Specific Plan), or are located in an equivalent specific plan zone, and that are owned by LACMTA at the time of district initiation. For the purposes of this section, any parcel with a zoning designation of PF (Public Facilities) in a portion of the TCN District shall be considered equivalent to a C (Commercial) zone.

3. A TCN District may encompass an area which is subject to, in whole or in part, a Specific Plan. If the provisions of a TCN District conflict with any City-wide regulations in the Los Angeles Municipal Code, specific plan, or supplemental use districts, other than a Historic Preservation Overlay Zone, then the requirements of the TCN District shall prevail.

4. A TCN District may include contiguous and non-contiguous parcels. Precise parcel and district boundaries are required at the time of initiation to create or expand a TCN District.

C. Development Regulations.

1. The only signs and sign support structures that a TCN District shall be permitted to authorize, above and beyond those signs and sign support structures authorized by the signage regulations in Article 4.4, shall be digital displays and associated sign support structures. These signs may display off-site advertising, and the applicability of Article 4.4 to those signs permitted by a TCN District shall be outlined in the ordinance establishing the TCN District.

2. The ordinance establishing a TCN District shall specify the height limitations, maximum sign area, and operational standards, including, but not limited to, hours of operation, digital display refresh rates, and monitoring, allowed for each of the proposed signs. Furthermore, the ordinance shall include requirements for off-site sign reduction that, at minimum, results in a net reduction in off-site signs citywide.

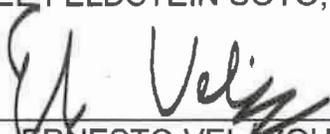

D. Conformance. The Department of Building and Safety shall not issue a building permit for a sign within a TCN District unless the Director of Planning issues an Administrative Clearance or other approval indicating the sign conforms to the regulations set forth in the specific TCN District Ordinance.

Sec. 7. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.
