Please see below comments that I made through the portal for comment regarding Digital Billboards.

I urge a "no" vote.
Thank you,
Douglas Williams

Comments for Public Posting:

Dear Council Members, I am opposed to this proposal by Metro to add Digital Billboards to ANY part of the city. I am a native Angeleno and currently live in LA 90068. I do not understand how adding light pollution and visual blight fits in with the pilot program to reduce "light pollution". We do not need more flashing lights and visual pollution in our environment. I urge a "no" vote to any expansion or addition of any Digital Billboards. Thank you, Doug Williams

Subject: Public Comments Not Uploaded Vote No on Digital Billboards, Item #10 PLUM meeting 11/7/23

To the honorable members of the PLUM committee and my council member Ms Nithya Raman,

"The citizens of this city need more mindless screen time"

-No one ever said

I am against the digital billboard program. There is no benefit for the city and its citizens. There will be visual blight and an increase in the light pollution of the city, as well as the possibility of more distracted drivers. The committee has to consider that the only benefit is for the corporate billboard companies since they will have an increased revenue from multiple advertisers in the same amount of space.

I believe this approval will be a slippery slope to more advanced jumbo tron 'video images' of commercials on our mountainsides as well as thoroughfares.

Dale Fernandez

Subject: **Billboards on Freeways**

I am absolutely opposed to Metro's TCN plan to install digital billboards at freeway intersections if only because this is totally unsafe would only add to distractions for drivers and is a totally dangerous proposal.
