Comments for Public Posting: We all know that the cops do not stop murders, rapes or robberies. Cops, at best, show up after the damage is done and arrest somebody for the crime they committed. A well armed and trained society is the best way to diminish these tragedies. For instance, the liquor store owner in Norco who protected himself from a would be robber by being armed. Or the civilian in Indiana who stopped a mass shooter 15 seconds after he began shooting, saving countless lives, because concealed carry had been implemented a few days earlier. The Libertarian Party of Los Angeles County, unlike the Republicans and Democrats, wants you to be safe and well armed. We recognize that bad guys will get guns one way or another, and we want to help the innocent stay safe and defend themselves in ways they see fit, including concealed carry.
