Comments for Public Posting: I am opposing Police permit require to operate hotel...it is really going to make small Hotelier (small hotel owner) on the road (homeless).. Also i am opposing requiring shelter (accommodation) mandatory to homeless.. i am supporting on voluntary accommodation only... if its mandatory then its going to kill tourism market, and also family who visits our beautiful city Los Angeles.. i ...you may see them as their last visit. It will definitely going to distroy tourism market...Also our staff may leave and look for job in another state .. as they are not trained to deal with homeless with mentally sick or disturb people.. Pleade revise this both item as its not in a favor of small hotel owner and our hotel staff....and general public... If we want to get signatures like unions... we could do so and get thousands of signature...as this is not a political issue.. please see as general public and small business owners and employees and who is not a part of union...also you (city) may see big decline on revenue by not collecting T.O.T.. God bless everyone...

Comments for Public Posting: The police department is here to reduced crime not to issue permit for business that the job of the planning department . One minute the city said it support small business. This is not the way to treat small business who spend hours and years to building the business . This ordinance will kill the small business.

Comments for Public Posting: Please do not impose more egregious requirements on homeowners who do STR where you are grouping us homeowners in with hotels. Practically speaking, they are not similar and should not have the same requirements. Hotels development with their deep pockets and the unhoused advocates both have the same agenda to eliminate STRS in the city completely. that said, its 2023 peer to peer arrangements are not going away and are in fact are the norm. The members of the city council need to understand that and implement realistic ways for all to co-exist. We are against this ordinance being implemented for anyone other than hotel developers.

Comments for Public Posting: I lost my business in the pandemic, and my only income is through renting a room out of my house to be able to make my mortgage payments. I hope that the city council does not add extra burden to home owners such as myself. Thank you for your consideration, Shida Pegahi

Comments for Public Posting: I encourage City Council to vote against proposed regulation, which requires short-term rentals to obtain a police permit. The city council should focus more on building more affordable housing. Many of home owners are reluctant to rent their homes because of rent control restrictions.

Comments for Public Posting: This is a totally irrational and unnecessary law, that IF passed will strain the already difficult and inefficient STR compliance process. This law will force people into black market Rentals, impacting TOT income that the city relies on. Alternatively the red tape will be so difficult to navigate that it will squeeze the remaining hosts out of the market. Our already strained LAPD resources should be spent on fighting every day crime that plagues our city and not on pushing administrative choke holds on already frail, and struggling STR industry. We want a safe Los Angeles. We want to be a desired top travel destination. We want to bring in tourist revenues by creating a clean and safe environment for travelers. Live scanning hosts will not do that. It's burdensome and exhausting to work with inefficient administrative system currently in place. Adding more problems to STR hosts will inevitably break them. Please reconsider this moving forward with this issue. STR Host.

Comments for Public Posting: We are operating a small "home sharing" activity under HSR19-003634. It is our only income related activity! Presently we are compelled to pay: "Annual Reg. Fee over \$1k" + "Financial office of L.A.per rental day " + "Planning Dept. nightly Fee" + " Commission Fee for platform providing booking" + "Est. income tax quarterly "!! In addition we have to pay for all the operational costs = water + electricity + ins. + mortgage. We CAN NOT afford to pay for any cleaning, washing, garden., repairs= we have to do everything ourselves, including very complex multi-field accounting & reporting! Considering our time involvement, we (2 partners) each earn est. \$1.74 @hr! AND NOW - YOU ARE TO VOTE/DECIDE THAT WE HAVE TO PAY AND ADMINISTRATIVELY TAKE CARE OF SOME ABSOLUTELY UNNECESSARY "POLICE REGISTRATION"?? We are NOT operating in some dangerous zone overflowing w. drug dealers, prostitutes or violent "enforcers" = WE DO NOT NEED POLICE PROTECTION - we are NOT in Sicily, needing to pay mafia enforcers! Therefore what is the meaning of this additional "requirement" - and if so - will the City pay for such "registration"???? Will the City give us some respite, or financial bonus to save us from bankruptcy?? WE ARE THEREFORE STRONGLY OPPOSING THIS NEW "MONEY MILKING FROM THE POOR SCHEME" - WE DO NOT WISH THAT OUR GUESTS WOULD BE CONFUSED & SCARED IF THEY OBERVE SOME POLICE PRESENCE AROUND. In addition we have 2 children and are situated next to large Middle School. +frankly we CAN NOT PAY ANY MORE FEES! DO YOU WANT US END UP ON THE STREET "TOWNSHIP"?? ALSO REMEMBER WE ARE SUPPORTING AND HELPING LOCAL/ NEIGHBOUROUGHC INDUSTRIES, RECOMMENDING OUR GUESTS EVERYTHING FROM LOCAL GAS STATION, TO VARIOUS EATERIES, MALLS AND SHOPS!
