**Comments for Public Posting:** Shame on Nury for trying to make this issue about Heather Hutt being a WOC and implying that CD10 can't handle a black woman in power. Most of CD10 is represented by Sydney Kamlager at the state level, Holly Mitchell at the county level, and Karen Bass at the federal level. Is Nury going to break the news to them that they are either not black women or not in power? She should use these three women as an example of how real leaders act.
