Comments for Public Posting: I thank the Council Members that brought forward this motion to ensure a fair and transparent appointment process that the voters of CD10 deserve. We deserve representation and we deserve to have someone voting for us in Council, but we also deserve to have a say in the matter and we deserve an appointment that is thoughtfully made and not going to get overturned in a matter of months. Thank you for doing what is right and fighting for us to have this process and have time to have our voices heard. Nury needs to stop creating friction and chaos in South LA and stop pitting our community members against each other with her impulsive decisions and power grabs. We demand better. We demand that Council be the leaders that Angelenos deserve and stop with the dirty politics and backroom deals. This motion bringing transparency and sunlight to the CD10 appointment process is a step in the right direction. I implore the Council to do what is right and fair and support this motion.
