**Council File No:** 22-1154-S1

**Comments for Public Posting:** This is urgently needed to avoid visual clutter and driver distraction and improvements for transit riders. Don't give into advertising lobbyists. Ken Lewis

**Council File No:** 22-1154-S1

**Comments for Public Posting:** I am writing to urge all council members to work for US, and not for the Please vote YES TO STAP (CF 20-1536, Item #34) — SHADE & SHELTER for the many, many Angelenos who ride the bus. Even smart ones with money who VOTE, like me. Yes, we too ride public transportation. And, really more importantly, please vote NO to AD KIOSKS (CF 22-1154-S1, Item #33) which are nothing more than digital blight. Yes, it's some revenue for the city. But what good is that if no one wants to live here because of the quality of life. Haven't you had enough of bright digital ads everywhere you go? LA is beautiful because of its nature and parks and scenery. Let's keep it that way. PLEASE. It's what your constituents (with beating hearts, not the ones with an LLC license) want. Thanks.

**Council File No:** 22-1154-S1

**Comments for Public Posting:** PLEASE REJECT A NEW DIGITAL INTERACTIVE AD KIOSK PROGRAM THAT UNDERMINES THE VIABILITY OF THE STAP PROGRAM AND THREATENS SHADE AND SHELTER FOR TRANSIT RIDERS. We do not need to install hundreds of two-sided, giant smartphone-like advertising screens on public sidewalks in neighborhoods across the City. The kiosk program will take away from the advertising revenue for STAP—preventing the city from building more bus shelters. The kiosk program provides no support for the R.A.I.S.E. program initiatives, no discretionary community benefit funds to Council offices, and no shade and shelter for transit riders.

**Council File No:** 22-1154-S1

**Comments for Public Posting:** I urge you to oppose CF# 22-1154-S1, a Request for Proposal (RFP) for the installation and maintenance of hundreds of two-sided, giant smartphone-like advertising screens on public sidewalks in neighborhoods across the City. The kiosk program will take away from the advertising revenue for STAP—preventing the city from building more bus shelters. It provides no support for R.A.I.S.E. program initiatives (a dedicated fund focused on improving transportation amenities and street and pedestrian infrastructure), no discretionary community benefit funds to Council offices, and no shade and shelter for transit riders. The kiosks also be an unwelcome blight in our neighborhoods. This is a lose-lose proposition that must be stopped.
