Council File No: 22-1179

Comments for Public Posting: The Orange and STAR alert lists should be made available online like the Red, Blue and FAS alerts so that organizations are aware and can help animals flagged with these alerts. The goal being to get the animals' the help they need and out of the shelters by publicly announcing these alerts and possible reducing the skyrocketing euthanasia numbers.

Comments for Public Posting: Please utilize all options available to help animals with medical issues and notify public in advance so we can adopt those who have been dumped due to cost of veterinary care!
