Comments for Public Posting: The LA City Council is a damn joke. I'm writing a public comment because I am watching today's meeting live and it is a farce. You have the LA's true public locked outside and you have a group of men inside the council chambers taking about a few guilty, racists peoples' freaking paycheck and stroking the council's ego. When you switched to phone public comments, you all started standing up and talking to one another and shaking hands and completely ignoring the people you serve who are working so goddamn hard to just be heard is ridiculous. This city is an embarrassment and I have zero respect for your leadership. The working class is on strike and camping out and demanding to be taken seriously and y'all are continuing to cover up for one another and ignoring pleas from your constituents AND THE GOVENER OF THE STATE OF CALIFORNIA AND THE PRESIDENT ON THE UNITED STATES. It is fucking embarrassing. I hate the police state that is Los Angeles, California. You council members oversee genocide. I hope you all have the eternity you deserve.
