

TRANSPORTATION COMMITTEE REPORT relative to amending the Street Dedication and Improvement Investigation Criteria to promote safety, sustainability, and multimodal street improvements.

Recommendations for Council action:

1. APPROVE the Street Dedication and Improvement Investigation Criteria attached to the Bureau of Engineering (BOE) August 7, 2024 report (report), and as amended to make technical corrections, pursuant to the BOE communication, dated October 1, 2024, attached to the Council file.
2. AUTHORIZE the Street Standards Committee to amend the Street Dedication and Improvement Investigation Criteria to further the intent of the BOE report.
3. DIRECT the Los Angeles Department of Transportation (LADOT) to review streets with modified cross sections, as needed.
4. DIRECT the Department of City Planning, in consultation with the City Attorney, BOE, and LADOT, to prepare and present an ordinance amending Los Angeles Municipal Code Section 12.37, as described in the BOE report.

Fiscal Impact Statement: The BOE reports that there is no fiscal impact. Over time, the recommendations in this report would reduce long-term maintenance costs associated with roadway widening. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: Yes

Venice Neighborhood Council

Against, unless amended:

Bel Air-Beverly Crest Neighborhood Council

Summary:

On October 2, 2024, your Transportation Committee considered a BOE report, dated August 7, 2024, and a BOE communication, dated October 1, 2024, making technical corrections, relative to amending the Street Dedication and Improvement Investigation Criteria to promote safety, sustainability, and multimodal street improvements. According to the LADOT report, the recommendations will reform the highway dedication processes to achieve a number of goals related to improving the cohesiveness of the public realm and ensuring that public improvements implemented by development projects align with

the City's mobility and sustainability goals. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations contained in the BOE report, as amended. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Transportation Committee
