Council File No: 22-1566

Comments for Public Posting: My name is Jason Enright, and I am a resident of North Hollywood in CD-2. I write to urge the City Council to fully fund and implement a Climate Action and Adaptability Plan. Los Angeles is the only city of the top ten most populous cities in California that has not yet created or adopted a Climate Action and Adaptation Plan. We need this plan so that we can move forward efficiently and with the urgency that is greatly needed to address the climate emergency. Failure to move forward with the creation and implementation of this important plan makes the city susceptible to penalties or legal action, makes it harder for us to acquire federal funds for climate adaptations, and leaves the city and its residents vulnerable to future climate disasters. Please take the actions necessary to make this climate plan a reality and help prepare our city for climate emergency we face.
