**Comments for Public Posting:** Virtual neighborhood council meetings have made the process much more accessible and democratic. We need to amend the Brown Act to give neighborhood councils the option to keep meeting virtually.

**Comments for Public Posting:** I am in strong support of keeping Neighborhood Council meetings virtual, and allowing that is very valuable for the people of LA. Beyond the equity component of allowing health-vulnerable populations to attend, it also opens up the process for people who could not attend in person due to jobs or other obligations. I sincerely hope the city council agrees.
