Comments for Public Posting: I am writing to urge continuing zoom meetings for the Westside Neighborhood Council (WNC) meetings. As I have said more than once, the only really good thing coming from the Covid crisis has been zooming - meetings such as the WNC and our HOA meetings as well as regular meet-ups with friends and families. I truly hope and believe that these kinds of meetings will continue long after Covid is an issue. As a member of the Board of the Century Glen HOA I can say that having these zoom meetings has increased participation from residents within our HOA and that has been a very good thing. Continuing the ability to zoom also allows people who may not be feeling totally healthy to attend. And that's another good thing. Thank you so much for considering these comments as you make a decision on how to proceed.
