Item Number:

Summary: Council File: 23-0002-S16 and 23-0002-S17 To: City Council and Committee Support
On March 4, 2020, Governor Newsom declared an Emergency in the state of California due to COVID-19. On March 17, the Governor signed Executive Order #N-29-20, which modified the Brown Act to permit local legislative bodies to meet online. In the City of Los Angeles, this also applied to Neighborhood Councils. On April 17, 2020, EmpowerLA released a Virtual Governance Plan for neighborhood councils and authorized them to meet via Zoom beginning May 1. Since May 4, 2020, the Palms Neighborhood Council and its committees have been meeting online. By not meeting in person, there is an opportunity for greater participation by stakeholders and deeper community engagement than previously possible. Additionally, online meetings ensure that those working at home with children, unable to meet in person due to health concerns, or otherwise unavailable to come to in-person meetings are still able to participate. Online meetings have strengthened our local democracy. Additionally, online Neighborhood Council meetings reduce the need for people to drive to and from meetings, helping us achieve our climate goals and they provide a safe option for those concerned about getting out of a board meeting late at night. The Palms Neighborhood Council supports urgent changes to the Brown Act that would allow Neighborhood Councils the option to hold remote board and committee meetings and urge the City of Los Angeles to support efforts at the state level to accomplish this goal.
