Item Number: 7) f.

Summary: The Palms Neighborhood Council urges the City to employ nature-based solutions in the redevelopment of the Sepulveda Basin, focusing on floodplain reclamation, watershed restoration, and revitalizing the ecosystem functions of the river, while at the same time expanding access to the parkland and its amenities for surrounding communities. The Palms NC strongly discourages any efforts to disturb this natural habitat in any preparation for the 2028 Olympics and wants that to be clearly stated in the motion.
