SUMMARY

On September 8, 2021, the Federal Emergency Management Agency (FEMA) notified the Los Angeles Fire Department (LAFD) of an award of funds from the Fiscal Year 2021 (FY 2021) Port Security Grant Program (PSGP) for Marine Firefighter Training. The FY 2021 PSGP will provide a total of \$475,210 in funding for the backfill and overtime, course tuition, travel, and training-related consumables and equipment. The FY 2021 PSGP is a cost-share reimbursement grant. The Federal share of the grant is 75% (\$356,407), with a 25% (\$118,803) cost match provided by the LAFD. An amendment was submitted to FEMA and approved to extend the period of performance of the grant. The performance period for the FY 2021 PSGP is now September 1, 2021 through August 31, 2025. The purpose of the PSGP funding is to strengthen the nation's critical maritime infrastructure against risks associated with potential terrorist attacks.

A portion of this grant will fund travel, tuition, and Backfill and Overtime for Voith Schneider Shiphandling Course. The LAFD submitted an amendment request to FEMA to re-appropriate a portion of the personnel expenses for this course to cover the contractual costs. This amendment request was approved. Authority has been requested to negotiate and execute a contract with a vendor to conduct the training courses and pay for the tuition associated with the courses. Course dates have been scheduled, members have attended the training, and the vendor has been paid. The LAFD is in the process of finalizing PES payments and receiving final reimbursements from FEMA for training, travel, and contractual expenditures associated with the Voith Schneider Shiphandling Course.

Another portion of the original FY21 PSGP award was for the personnel and supply expenses for the LAFD to teach the 1005 Shipboard Firefighting Course. However, the

Department is still developing this course. The LAFD submitted an amendment request to FEMA to re-appropriate funds allocated for the 1005 Shipboard Firefighting personnel and supplies to purchase a Marine prop and FEMA approved this request. This approved amendment re-appropriate funds from 1005 Shipboard Firefighting Personnel and Supplies to Equipment to fund the purchase of a marine firefighting prop. This marine firefighting prop will be placed at the Harbor Training Academy on Terminal Island and be used for regional shipboard firefighting training with our port partners. The re-appropriation of grant funding for this project will provide the first shipboard prop of its kind in the area and greatly benefit the various agencies that would respond to a shipboard fire incident. The collaboration between agencies that training on the prop would provide would greatly benefit the Port of LA/LB.

The LAFD has expended \$144,843.69 in FY23-24 in Personnel, Travel, and Contractual Services. The LAFD will fund the remaining grant-related expenditures of up to \$330,366.31 associated with the FY 2021 Port Security Grant Program in FY 2024-25.
