Comments for Public Posting: Please oppose an expansion of SB 4 to include properties acquired after January 1, 2024. The organizations being allowed to build multi-family housing on land they acquired after January 1, 2024 in single-family neighborhoods must not be included in this bill. Doing so will uniuistly provide an incentive, unavailable to the public, to purchase and flip properties, creating development that the general public is opposed to.

Comments for Public Posting: I oppose the removal of the date of ownership criterion from the Faith Based Incentive Program in LA's Housing Element!!!!!!!!!!!!!!!!!!!! Last year, Senate Bill 4 granted Faith Based Organizations and Institutions of Higher Learning the right to build 100% affordable housing on property they owned even in restricted zones, provided these properties were owned prior to January 1, 2024. This bill was a means of helping these institutions build affordable housing, but the bill also added a time restriction to prevent these organizations from becoming land speculators acquiring new properties and being granted these special waivers. Now the Planning Department has proposed adding more flexibility to SB 4 by removing the date of ownership criterion. These groups will now be the only group that can purchase new sites on an advantaged basis in single family neighborhoods. I strongly oppose these organizations being allowed to build multi-family housing on land they acquired after January 1, 2024 in single-family neighborhoods!!!! I ask that the date of ownership restriction be added to the FBO Incentive Program. It is my belief that these organizations are not equipped to deal with the complex issues of SB4 and family neighborhood communities will be severely and negatively impacted.
