A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Type of NC Board Action: For

Impact Information

Date: 11/19/2024

Update to a Previous Input: No

Directed To: Board of Police Commissioners, City Council and Committees, Commission on Civil Rights

Council File Number: 23-0243

City Planning Number:

Agenda Date:

Item Number:

Summary: For over 16 months Council File 23-0243 and the draft ordinance have languished with the City Attorney. At this time, it is urgent that the council file be passed because of the severe threats the mass deportation promised by the incoming Trump administration will surely cause to the social and economic stability of Los Angeles, as well as the inhumane actions taken by the previous Trump administration in pursuit of an aggressive and poorly considered deportation policy, the Reseda Neighborhood Council supports Council File 23-0243, requests that the city be designated

as a Sanctuary City, and further requests that the city initiate communications with neighboring cities to encourage them to adopt similar legislation, and with appropriate County officials to request that Los Angeles County be designated a Sanctuary County. Please see attached PDF for the full statement.

Community Impact Statement on Council File 23-0243

(Federal Immigration Enforcement / City Resources, Property, Personnel / Prohibit Use / Compliance Monitoring Report)

Position: Support

We know that, despite the patently false propaganda promulgated by Former President Trump during his first term and during the years since, the vast majority of undocumented immigrants are honest and hard-working people simply trying to make a better life for their families. A very large portion of them fled from oppressive regimes that were put in power, or stay in power because of misguided American Foreign Policy supported by both Republican and Democratic administrations. They are now here leading productive lives and contributing to our society and its infrastructure. Considering our national complicity in creating the conditions that have made conditions in their countries so intolerable, and out of respect to the invaluable contribution they make to our country, we should take heed to the call and the promise engraved on a bronze plaque mounted to the base of the Statue of Liberty: “Give me your tired, your poor, your huddled masses yearning to breathe free, the wretched refuse of your teeming shore. Send these, the homeless, the tempest-tost to me. I lift my lamp beside the golden door!”

Let us not forget this national ideal, even if our national leaders have. Let us do our best to make sure that all Angelenos, regardless of current immigration status, are treated with compassion and justice. Let us not let the bigotry and hatred that seems to have overtaken the leadership in our National Government run roughshod over our fellow Angelenos.

For over 16 months [Council File 23-0243](#) and the draft ordinance have languished with the City Attorney. At this time, it is urgent that the council file be passed because of the severe threats the mass deportation promised by the incoming Trump administration will surely cause to the social and economic stability of Los Angeles, as well as the inhumane actions taken by the previous

Trump administration in pursuit of an aggressive and poorly considered deportation policy, the Reseda Neighborhood Council supports [Council File 23-0243](#), requests that the city be designated as a Sanctuary City, and further requests that the city initiate communications with neighboring cities to encourage them to adopt similar legislation, and with appropriate County officials to request that Los Angeles County be designated a Sanctuary County.

It is estimated that currently there may be as many as 2.2 million individuals within the LA Metro area that could find themselves targeted by the ill-considered actions promised by President-elect Trump. This is roughly 16% of the population. To upend the lives of such a significant portion of our population is unconscionable, and sure to have a significant impact on not only their lives but on the lives of every Angeleno. This could lead to concerns over public safety and relationships with law enforcement and undocumented victims of domestic violence and other related crimes. Sanctuary cities have statistically proven to have lower crime rates relative to those that don't have sanctuary status.

Mass deportation of this size would also depress rather than improve our current job market and the overall economy of the city of Los Angeles jobs such as food processing and preparation, custodial services, maintenance, construction, landscaping workers, IT & technology, healthcare, and more. Surely there is a better solution to the undocumented immigrant problem than the simple-minded solution proposed by the Trump administration.

For these reasons and others, the Reseda Neighborhood Council supports [Council File 23-0243](#) and urges its expedited approval.

This motion was passed in a meeting compliant with the Brown Act on November 18, 2024 with a vote of 10 Yes, 1 No, 5 Absent, 1 Abstain
