Council File No: 23-0400

Comments for Public Posting: I urge the L.A. City Council Housing and Homelessness Committee and the full city council to support Council File 23-0400. Please vote yes to support street medicine at all interim housing sites. I applaud the city and council members that support interim housing in their district. Interim housing is critical in alleviating homelessness until permanent housing is available. The health care services at interim housing proposed by this motion will be a significant benefit in helping people transition to permanent housing.
