Council File No: 23-0418

Comments for Public Posting: It appears this Discretionary COLA is seriously stalled at the bottom of a dusty pile in some committee or other since it was first introduced in April 2023, and is slated to "die a natural death while 'in wait' or, more aptly 'while in dusty pile'." This, in itself, speaks volumes as to how city retirees are regarded. I suppose we should not hold our collective breath. Happy New Year.
