Council File No: 23-0418

Comments for Public Posting: I am a LACERS retiree with 25 years services with City of Los Angeles. I am writing to urge the council to approve the propose cola to go into affect by July 1, 2023. With the increase of gas,dental services, food prices, the increase would help. My pension from the city is a good source of income, but with the raise this will help with the prices rising high. Thank you and please reconsider and approve the propose.
