Comments for Public Posting: As a retiree, I am writing in support of the discretionary COLA as recommended by the LACERS Board on behalf of all City retirees, many who live on limited incomes and are greatly impacted by inflationary cost of living price increases. The Board would not be able to support this action if it did not have the proper justification of high inflation and increasing cost of living for its members. These employees dedicated their lives to support a functioning City government and should not be overlooked when it comes to maintaining a basic income. Do not deny these hard-working former employees your commitment when they have committed themselves to the City.
