**Comments for Public Posting:** I am in favor of the discretionary COLA raise for retirees. As a retired person on a fixed income, I want to bring to the attention of the City Council that retirees are struggling as much (or more) than those currently employed. I understand the need to address public safety and the homeless population, but I feel former City employees are sometimes ignored. Respectfully, Ron Butcher  
(Former Chief Legislative Analyst office employee)

**Comments for Public Posting:** Hello, Please consider and approve LACERS discretionary 2.85% COLA. The discretionary COLA increase approval will greatly assist me and my family with grueling inflation prices and the continual rise of costs for my daily essentials food and gasoline. The City Council's review and approval would assist not only me but hundreds of retired City Employees who served the City proudly for 30+ years. Thank you!
