Comments for Public Posting: I encourage the City Council to approve the discretionary COLA for retired members. The inflation levels we are experiencing is putting tremendous pressure on all of us and anything that can be done to take care of retirees whom have dedicated their careers to civil service should be supported.

Comments for Public Posting: I'd like to encourage the City Council and the Committees (Budget & Finance Innovation and Personnel Audits & Hiring Committee's) to consider and approve the increase of an additional 2.6% increase of the COLA for the retirees of the City of L.A. The inflationary expenses of food, housing, utilities, clothing and City taxes are taking a "toll" on the retirees trying to manage everyday life with the exorbitantly price increases. Please consider the issues that are plaguing the livelihood of the senior citizens. Thank you, Charlene C.

Comments for Public Posting: I, Charlene C., would like to respectfully request that the L.A. City Council and the Committees of [Budget & Finance and the Personnel Audit and Hiring] consider and additional 2.6% COLA increase to offset the “inflation” costs of housing, food, clothing and City taxes as the impact of these items take a “toll” on the lives and finances of retirees of the City of Los Angeles . Thank you in advance for this urgent consideration.

Comments for Public Posting: I'm in favor of an increase in the increase to a cost of living allowance for the reason that living in Los Angeles is already costly. Since the pandemic the increase in the cost of gas, groceries and utilities just to name a few makes it that much more frustrating trying to make ends meet living in Los Angeles. Now that the fear that the pandemic created has subsided the cost of gas, groceries and utilities have not followed. Also the homeless or unhoused situation has not gotten any better. A lot of retirees can barely make ends meet and will find themselves also homeless or unhoused.
