Comments for Public Posting: I am requesting that you grant the 2.88% discretionary COLA raise for retirees. As a retired City of Los Angeles employee of 33+ years I had given my all. I worked countless holidays, weekends, extended shifts for the citizens of Los Angeles. With the increase of everything my retirement is falling short. I know you have given current workers more money to help with rising prices. Please don't forget us retirees that helped with the legacy of this beautiful city. Thank you for your time Pamela Well
Retired 911 operator

Comments for Public Posting: Honorable Council, Please vote yes for the Discretionary Cola for all LACERS members. We are in need of the additional monies for everyday living. The cost of housing, food, gas, health insurance, car insurance has increased drastically. Thank you
