Comments for Public Posting: Honorable City Council members, please approve the discretionary cola that LACERS has already approved. I worked for the city for many years and it was an honor and privilege to serve the Citizens of the great city of Los Angeles. I performed my duties to the best of my abilities, so that the Citizens of Los Angeles can be proud knowing there investments as taxes are concerned are not wasted. I am now retired and still live in this great state of California, however due to the cost of living my family and I have had to cut back in our expenses, please consider the approval of the discretionary cola it would help many of us retirees. We had your backs as City of Los Angeles employees, now we need your help. Thank you

Comments for Public Posting: Hi, I completed my three years of retirement from LADOT on 5/9/24. I worked as a Principal Accountant. I earnestly request you to consider the 2.85% raise for retirees as this will help us with the inflationary pressures for essentials such as food and gas. Since the current employees have significant cola increases, the retirees are facing same price increases.
