**Comments for Public Posting:** After serving the citizens of Los Angeles for 31 years at Asphalt Plant 2, I am drowning in debt with the inflation we are experiencing. The 2.85% discretionary COLA would help me and my family along with thousands of other retirees, please consider granting the COLA.

**Comments for Public Posting:** I worked 34 years for the City - the last 10 for LAPD. I've been retired for 27 years. I don't get Social Security since my entire working career was with the City. It's getting harder and harder to make ends meet. I always look for discounts and freebies but it's still difficult. I would really appreciate you considering the 2.85% discretionary COLA. Thank you.

**Comments for Public Posting:** Please support the LACERS 2.85% discretionary COLA. I'm aware that many active City employees recently reached an agreement with the city for significant pay increases. In the current inflationary environment, those of us who are retired face the same high prices they do, but of course with a reduced income. Making ends meet and making retirement savings last is always challenging, but currently even more so. This COLA will make a welcome difference. Thank you!
