Comments for Public Posting: I am requesting that the board adopt staffs recommendation regarding the discretionary cost of living (COLA) 2.6% for the upcoming fiscal year. The cost of everything has been impacted by Covid over the last several years. I retired in 1996 on my retirement is based on the salary I made back then. No one expected the cost of living to go up this high this fast back then. It's even hard for many working people to make it. Thank you for your consideration.
