**Comments for Public Posting:** dear city Council, I was with the city 37+ years retired in 2018 and the fixed income versus what's going on for food and just all the cost are ridiculously high. It would really help me and my wife in these hard times to give us an adjusted cola anything will help please consider..

**Comments for Public Posting:** hi, my husband retired from the city in 2017 with 36 years and we appreciate the 3% cola every year. But, our cost of living is more like 7-9% and rising. Food costs, So Cal Gas, fuel prices, and LADWP is killing us. We would be grateful for a cost of living adjustment and hope you all will consider this. We are grateful for my husbands pension but no one ever thought that Covid would hit and change the cost of living to making prices this high. Thank you & God bless!
