I, Charlene Coney, would like to respectfully request that the L.A. City Council and the Committees of [Budget & Finance and the Personnel Audit and Hiring] consider an additional 2.6% COLA increase to offset the "inflation" costs of housing, food, clothing and City taxes as the impact of these items take a "toll" on the lives and finances of retirees of the City of Los Angeles .

Thank you in advance for this urgent consideration.

I'd like to encourage the City Council and the Committees (Budget & Finance Innovation and Personnel Audits & Hiring Committee's) to consider and approve the increase of an additional 2.6% increase of the COLA for the retirees of the City of L.A.

The inflationary expenses of food, housing, utilities, clothing and City taxes are taking a "toll" on the retirees trying to manage everyday life with the exorbitantly price increases.

Please consider the issues that are plaguing the livelihood of the senior citizens.

Thank you,  
Charlene C.
