**Council File No:** 23-0452

**Comments for Public Posting:** Support for Increased Spay/Neuter Programs – Suggested Comment I strongly support increased funding and resources for community-based spay/neuter programs like those supported by LuxePaws. These services are essential for addressing the overpopulation of stray and feral animals in Los Angeles. Targeted spay/neuter efforts, particularly in underserved neighborhoods, reduce the number of animals entering city shelters and lower euthanasia rates. LuxePaws' trap-neuter-return (TNR) work and grassroots outreach are cost-effective, humane solutions that deserve city investment and support. I urge the Council to increase funding for spay/neuter vouchers, streamline the TNR permit process, and collaborate with trusted local partners like LuxePaws to expand services citywide.
