**Comments for Public Posting:** Gentlemen and ladies: please preserve the vouchers for RABBITS. City shelters accept pet rabbits but there is overcrowding. People need the vouchers to cut down the numbers of unwanted bunnies--their fecundity is part of their physiology, unfortunately. Please help citizens take responsible care of their pet rabbits, and help the volunteers with house rabbit organizations.

**Comments for Public Posting:** Grassroots efforts are doing all they can to care for all the animals in need. We are adopting, fostering, rescuing, supplying food and medical care. The issue of animal welfare desperately needs increased funding & enforcement of SPAY/NEUTER clinics as well as increased funding to Shelters that are overcrowded and understaffed. Increased funding for PSAs regarding the importance of Spay/Neuter of dogs and cats. So many in need both humans and animals alike. Please increase funding to those animals in need as this is a SYSTEMIC issue and needs to be addressed as such. Thank you! Francyne Foxman, LMFT
