Comments for Public Posting: Please fully fund the spay/ neuter program. I'm from a low-income area, and this program has helped me spay and neuter my female and male dog. Giving responsible dog owners the resources to spay/ neuter their dog is extremely important and helpful, especially when these services are hard to access. I love the work the employees do and appreciate them for taking care of my pets. Please take this statement into consideration when making your decision.

Comments for Public Posting: The City should fully fund all vouchers pertaining to spay and neuter programs for all pets, especially our dog and cat populations. Families should have access to affordable options to ensure the health of their pets. The City has the responsibility to control the pet population by implementing accessible resources for all families.
