Summary:

On June 25, 2025, your Transportation Committee considered an April 17, 2025 report and draft ordinance from the City Attorney relative to amending the LAMC to include recreational vehicles as vehicles that an operator is prohibited from renting, leasing, or selling in the public right-of-way, and update fines and late penalties for violations. According to the report, the draft ordinance proposes an escalating fine structure for operators who are in violation with the prohibitions in Section 80.73.1. The current fines have not been updated since 1993 and have little or no deterrent effect on violators. After consideration and having provided an opportunity for public comment, the Committee

moved to recommend approval of the report and draft ordinance. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Transportation Committee
